## **Lutheran Settlement House Senior Center**

For being a good neighbor , by collaborating with community members of all ages, and beautifying a vacant lot strewn with rubble and transforming it into a beautiful garden park. So many persons in the neighborhood are able to enjoy the fruits of their labor with vegetables they harvested, as well as the garden providing a lovely place to relax and enjoy nature. Special recognition goes to Bill Borowski who devoted countless hours to manage this project.

**Donna Thompson, RN**

This dedicated nurse has single handedly and beyond everyone's expectations, made a community senior center in an impoverished city, a unique medical resource for low-income older adults. She has developed their wellness program and continues to promote healthy living among the members and their families. In addition to the many services she provides, it is her big heart of compassion that she extends towards fragile adults that makes her deserving of this award.
